

Groggy

BAND STORY

"

Hello! We are Groggy.
We have...a couple of drums....six strings...some clean sound...some fuzzzzzz.....
some vox..no fifth wheel, just rock.
We play blues but one could say that's not blues at all and would be right.
We're from Siberia and one could say it's an imaginary place and would also be right.
We play rock just how we perceive it here, in this imaginary place bustling with matrioshkas, bears, snow, politicians, cops, rules, vodka and pure energy.
We're just two man with rocking' souls and stomping feet.
